|-----------|---------|--------------------------------|--|------------------------------------|-------------------------------------|--------------|----------------|
| 332008-07 | Federal | Line Q Storm Drain             | Construction of a 3,055-ft long, open concrete-lined channel along the north side of Nuevo Road with local storn drain inlets. The channel will replace a 919-ft long earthen roadside channel and discharge to the Perris Valley Storm Drain at Nuevo Road.   | HELIX Environmental Planning, Inc. | City of Perris                      | Adam Fischer | (951) 320-6363 |
| 332008-08 | Federal | Orange Avenue Culvert Crossing | Construction of a reinforced box culvert crossing for Orange Avenue at Perris Valley Storm Drain capable of passing the 10-year storm event. The crossing will include 2,800-feet of road widening from Murrieta Road to Evans Road with two new storm drain inlets at Perris Valley Storm Drain.                                | HELIX Environmental Planning, Inc. | City of Perris                      | Adam Fischer | (951) 320-6363 |
| 332008-09 | Federal | Case Road Bridge               | Replacement of the Case Road Bridge over the San Jacinto River with a similar bridge that is 17-feet wider.  | Glenn Lukos Associates, Inc.       | City of Perris                      | Adam Fischer | (951) 320-6363 |
| 332008-10 | Federal | Lake Perris Marina Access      | Modifications to the Lake Perris Marina, in response to the lowered water levels, to improve accessibility for disabled persons. Modifications include construction of a new access ramp to the marina, relocation of the gangway, replacement of pilings, construction of new stairway, and repair of a rip-rap drainage swale. |                                    | Department of Boating and Waterways | Adam Fischer | (951) 320-6363 |
| 332008-11 | Federal | Alessandro Island Access Road  | Construction of a geotextile access road from Alessandro Island onto the dry Lake Perris lakebed. The access road will terminate at the new water elevation and allow the loading and off-loading of a pump truck to service the Island's restrooms.   |                                    | Department of Boating and Waterways | Adam Fischer | (951) 320-6363 |

| 332008-06   | Both                          | Alvord High School, Riverside | Construction of a 2,500 student high school on a 68-acre property south of the intersection of Pierce Street and Indiana Avenue. Board staff believes that the proposed fill may not occur to waters of the State that are subject to the jurisdiction of the U.S. Army Corps of Engineers. Consequently, the discharge may be authorized under individual waste discharge requirements at a Board hearing to be determined. |                     | Alvord Unified School District | Adam Fischer | (951) 320-6363 |

| 362007-37   | Non-federal                   | Magnolia Channel Improvement Project | Excavation of Magnolia Channel south of Kimball Avenue and armoring with a geotextile. The entire Channel reach from Kimball Avenue to approximately 800-feet downstream of El Prado Road will be restored or enhanced with native riparian vegetation. The project includes: construction of an off-line extended detention basin with an in-line forebay; armoring of the Flowers Street against overtopping channel flows; and construction of a box culvert under El Prado Road to its ultimate right of way. The project will be considered for individual waste discharge requirements or a waiver thereof at the April 18, 2008 hearing. | Inland Empire Utilities Agency | Inland Empire Utilities Agency | Adam Fischer | (951) 320-6363 |
